Summary

What is this document about?
The examination and assessment regulations are detailed academic rules that explain what a student must do to obtain the award for which they are registered. It is comprised of several links which will take you to the relevant section. As not all sections are updated each year, the document that the link takes you to may have a different date to the front cover of the regulations. This just indicates the last date that the particular section you are in was amended. Each of the sections has further links to useful information contained within them.

Who is this for?
This document will be of most interest to new and existing students, academic staff and external examiners. It will be of interest to the UK Quality Assurance Agency (QAA) and it may also be of interest to the wider public.

How does the University check this is followed?
The Academic Standards, Quality and Partnerships team within Department of Student and Academic Administration Registry is responsible for reviews and audits to ensure that the policy is followed. Additionally, there is an external examiner for every unit and every course in the University who ensures that this policy is followed.

Who can you contact if you have any queries about this document?
